

# Many Many Things

Camidoh

Naketsi deka nor dzome bi nu  
I put my life on this  
They cannot stop my destiny  
Ah, oh, oh  
Boombaa  
Ah  
1Gad again  
Ah, oh, oh  
Bhim

I put my life into this, oh  
I dey the studio when boys dey go disco  
Chasing mi bread they been telling me shit, oh  
Zero and we changing it to hero  
I no dey biz, oh  
My only prayer be say God no make I give up  
I speed up  
Take a bullet for my dreams, oh  
Call on Jesus when it's getting too heavy for me

Many rejections  
Steady praying make I get chance  
Everyday recording for my desktop  
Keep my head up, make the devil no dey tempt us  
And I no dey wait for them to invite us  
I dey try my luck regardless  
Reach every corner in the room like spiders  
And everything I touch go dey shine the brightest, uh

Many, many things, oh, many, many things  
Many, many things wan hold me down  
Many, many things wan pull me back  
Many, many things wan kill my spirit  
Many, many things, oh, many, many things  
Many, many things wan hold me back, oh  
But they can't hold me back, oh

I put my life on this  
They can't put no L on me  
They can't block my victory  
They can't change my blessed destiny  
I put my life on this  
They can't put no L on me  
They can't stop my victory  
They can't change my blessed destiny, oh, yeah

Put my strength aside  
Leave it all to Yahweh  
Leave it all to Yahweh  
'Cause I know what He can do  
Evil on the rise  
My life is the target  
They wanna do me retched  
But I know what He can do

No matter how many times I keep my cool  
Still they try to hurt my feelings

Chop my head and stop my food  
That's all they try to do  
Many, many things I got to prove  
So my father let my dreams come true  
Many, many want to see me loose  
Oh, Jah, oh, no

Many, many things, oh, many, many things  
Many, many things wan hold me down  
Many, many things wan pull me back  
Many, many things wan kill my spirit  
Many, many things, oh, many, many things  
Many, many things wan hold me back, oh  
But they can't hold me back, oh

I put my life on this  
They can't put no L on me  
They can't block my victory  
They can't change my blessed destiny  
I put my life on this  
They can't put no L on me  
They can't stop my victory  
They can't change my blessed destiny, oh, yeah
