Camidoh

They for teach me before
Say nothing dey last forever
Forever, yeah
It's been many many days
With swollen face
My hands on my head
Midoh, Midoh, Midoh

Love get beginning, middle, and end
So if e catch you, use your sense
Ma guy, you for use your head
Before you go end in tears
Love get beginning, middle, and end
So if e catch you, use your sense
Ma guy, you for use your head
Before you go end in tears (oh)

It's been many, many days
With swollen face
My hands on my head
It's been many, many people ina my DM
Telling me, 'it's okay'
Chale, the thing e dey pain me
Ma heart, e dey ache me
I no know what to do again
(Ehen huh)

Forever, yeah
They for teach me before
Say nothing dey last forever

The third time
I'm just about to take it way up
And put all of ma focus ina making paper
So make I work? Yes sir
Make I chase another lady? No sir
Or make I turn into a heart breaker
So many things wey dey run through ma mind all day (ahhh)
