

Shining Star

Camila Cabello

When you wish upon a star
Your dreams will take you very far, oh yeah
When you wish upon a dream
Life ain't always what it seems

Shining star come into view
To shine its watchful light on you (you, you)
Give you strength to carry on, yeah
Yeah, make your body big and strong

You're a shining star
No matter who you are
Shining bright to see
What you could truly be

Hush now
Shining star for you to see
What your life can truly be
Shining star for you to see
What your life can truly be
Shining star for you to see
What your life can truly be

Go on with your bad self!
'Cause I'm a shining star
No matter who you are
Shining bright to see
What I could truly be

You're a shining star
No matter who you are
Shining bright to see
What you could truly be

You're a shining star
(Oh, you're a shining star)
No matter who you are
(No matter who you are)
Shining bright to see
What you could truly be

You're a shining star
No matter who you are
Shining bright to see
What you could truly be

You're a shining star
(Shining star)
No matter who you are
Who you are, no
Shining bright to see
(Tell em fab g)
What you could truly be

You're a shining star
No matter who you are
(No matter who you are)

Shining bright to see
(See)
What you could truly be

You're a shining star
No matter who you are
Shining bright to see
What you could truly be

What you could truly be
What you could truly be
Not you, but me...

It's time to go
You're a shining
You're a shining star!
