

## Mars Is No Fun

Camille

You can't go to the beach  
not enough water  
you can't open the window  
there's no air outside the bungalow  
they didn't mention it  
on the brochure  
got trapped here when I moved  
five years ago

Mars is no fun

They said: "Everything is pure out there  
you'll be the first human  
beings to show the world  
there's life outside of Earth"  
but the Greens don't like us  
they want us to leave the place  
will you get my postcard  
before Christmas?

Mars is no fun

I want to go back on Earth  
and live with you  
in our social housing  
and wander all afternoon  
in the shopping mall  
of Milton Keynes

Mars is no fun

You can't really move here  
the law of gravity  
is much much stronger  
it's like a tragedy  
you're grounded on the ground  
if you kiss it's forever  
and if you do it on a bed...do you get the picture?

Mars is no fun
