

Day After Day (Aleluya)

Camilo Sesto

Day after day
I will hide my love away
And you'll find yourself one day
Calling my name

Day after day
Gonna walk alone my way
Till I see you change
Your trace to my trace
To my place which is your place

Aleluya (aleluya)
Aleluya (aleluya)

Take another chance
And your eyes will see the way
'Cause I did it once when my heart
Was closed to faith

Then you'll realize
The window of your eyes
For them to see the world
See the world
See your world which is my world

Aleluya (aleluya)
Aleluya (aleluya)

(Couldn't find another world than this)
I gotta give you another world
(Couldn't find another life than this)
I gotta give you another life
(Now I do believe in you my love)
Aleluya
Aleluya
Aleluya

Day after day
I will hide my love away
And you'll find yourself one day
Calling my name

Day after day
Gonna walk alone my way
Till I see you change
Your trace to my trace
To my place which is your place

Aleluya (aleluya)
Aleluya (aleluya)

(Couldn't find another world than this)
I gotta give you another world
(Couldn't find another life than this)
I gotta give you another life
(Now I do believe in you my love)
Aleluya

Aleluya
Aleluya

Day after day
I will hide my love away
And you'll find yourself one day
Calling my name

Day after day
Gonna walk alone my way
Till I see you change
Your trace to my trace

Then you'll realize
The window of your eyes
For them to see the world
To see the world

Day after day
I will hide my love away
And you'll find yourself one day
Calling my name
