

It's the Way You Do It

Camilo Sesto

With you, I just cannot pretend
Send one of your looks my way, you've got a friend
I've been watchin' everything you do
And you've been watchin' me too, the way you do

But it's the way you do it
You fill me through and through
It's the way you do it
The place you take me to
It's the way you do it
I know it when it's right
I wonder if you'll love me deep into the night
'Till morning's light

There's no hurry, take your sweet time
Slowly work your way up to me, you're doing fine
I can feel my body stirring, I know what you're leading me to
We're overdue

But it's the way you do it
You fill me through and through
It's the way you do it
The place you take me to
It's the way you do it
You make me feel so right
It's the way you touch me (touch me)
It fills me so completely
I love it when you love me deep into the night
'Till morning's light

It's the way you do it
Fill me with your sweet, sweet love
It's the way you do it
Fill me with your sweet, sweet love
It's the way you do it
Fill me with your sweet, sweet love
It's the way you do it
Fill me with your sweet, sweet love

It's the way you do it (It's the way you do it)
You fill me through and through
It's the way you do it (Fill me with your sweet, sweet love)
The place you take me to
It's the way you do it (It's the way you do it)
I know it when it's right
I love it when you love me deep into the night (Fill me with your sweet, sweet love)
It's the way you do it (It's the way you do it)
You fill me through and through...
