

# The Disease Is Me

Camisado

I'm sorry  
That I'm not as sorry as I should be  
But is it ok, that I'm not ok?

You are all diseased like me

I know about love  
And how no one gets out alive  
No one's listening  
I hear your voice in my name  
You are the novacane  
That flows through me

I feel so numb

Please don't say another word  
I'd rather think that you don't care at all  
Please don't say another word  
I'd rather think that you don't fucking care at all

Maybe this ending doesn't feel right  
Because it was never supposed to end  
Don't let this end tonight

This is your last chance  
To stand face to face  
Turn your head and stumble away  
They call me love

I know that this isn't something  
That will ever get much better  
So just let me forget you

Why does it feel like I have nobody?  
Why does it feel like I have no body?

I feel so numb
