

Gageupjeogimyeon haega jigi jeone manna  
Sigani akkawo maebun maecho yojeumttara  
We can go shopping like it's your birthday  
Or go party amuryeom eottae  
Neomu neujeojigi jeone uri eolleun manna

Ige mwoya mallo seolmyeongeul mothae  
You my pookie, you is my flex  
Hyungnaenae bwaya jinjjaneun motdwae  
But you know that I'm the realest on the map  
So much tea so much problems in my back  
We keep running that shit back  
Cuz that shit slid too fast  
Tryna smoke another pack  
I'm just happy when you laugh  
Dreamt of robbing all the banks  
Now we sitting  
Never lack

Oneureun pillyo eopseo gyehoek  
We just be outside  
24/7 the drama don't stop  
It's a fun lil ride  
Together we be looking at the bright side  
Together we be looking at the bright side

Yalmiun neoui soneun dwitjumeoni sok  
You say you like it more  
With no make up on  
You running a marathon to just lock this up  
Nareul dallae jwo oneul bameun malhaejwo

Tell no one  
Seulpeujiman bamsaedorok jotago  
Too many options  
Too many problems  
But I can't right now  
No, I can't right now
