

Finer

CamO

Wish you my best
I've been runnin' 'round on shit
No, I ain't pissed
I'm just full of bliss
Yes, I impress
A lot more than you think
And I confess
You're the bottom of my list
You're the bottom of my list

I be dripped down to my toe
Why should I care? Haha
It's not a race but I want more
And you ain't fair, fuck off
Tryna get it all together all the time, ya
You worry about yourself I'm finer, finer, ya

Finer than your ex, finer than your next
I still can't get it why these bitches say they tried their best
But why they flip so fast? I'll just forget the past
But feel like I'm manifested, I'll say I learnt a lesson
Forget it, I keep all this shit low
None of your business, there's a reason I be cold
ㅁㅁㅁ ㅁㅁㅁ ㅁㅁ ㅁㅁ (Ijeneun batjido ana bissan wiro)
I'm not pushing you away just let it go

Wish you my best
I've been runnin' 'round on shit
No, I ain't pissed
I'm just full of bliss
Yes, I impress
A lot more than you think
And I confess
You're the bottom of my list
You're the bottom of my list

I be dripped down to my toe
Why should I care? Haha
It's not a race but I want more
And you ain't fair, fuck off
Tryna get it all together all the time, ya
You worry about yourself I'm finer, finer, ya
