

I'll remember who been standing by me  
Please don't worry if I get too deep  
All these games I've been playin' too cheap  
All the names, just blame it on me

I'm 'bout to fly out look so clean  
They know I ain't like no such thing  
Birdie, birdie peep my swing  
I'm 'bouta touch down leave a skeet  
(Rrr) In a mink  
I got these bitches all sinking  
Peso, peso when they cling  
Makes me stronger like protein

Checked out  
From a penthouse  
And you ran out  
You used to tell me bend down  
Got you freaked out  
Wore sucheon easy now

I put this shit on my oath

Bogiga silchi 'cause I make it look easy  
My life's a drama  
All these issues and minor  
Heartbreaks started off at hill Brahma  
Pyeongsaeng malhaetji araseo hae  
And look who's proud my mama  
Got these pretty bitches twerking to my song  
Been flipping off the chart  
I flipped you bitches, bark, bark

New emotions, I can feel it on the flesh  
Catch no feelings, that's a bet

We on different stories, geez  
I'ma always come in peace  
So put your hands around me  
I don't have to sell no more

But ended up as a fling
