

Eodireul geureoke gago inni
Daeche eodideul hyanghae bal balgo inni
Know that there's a plenty who really need me
Please know that I care, know that I care
But I'm way too lonely think I need my own Mee6

Baram ttara nae maeum ttara
All that drama, damn I need a comma
Gatabuta hajiman
Maeum ttara seulpeum para
I hear mama, "gwihan ttara"
So I gotta keep it up

You can hear my voice on the radio
I'll see you real soon in them stadiums
I was never born to do or be some mediocre
I just know that God sent a warrior

Ain't no stopping now, that's the end of war
Labels sending deals like they vendors, woah
Came up from the dark, now I'm set to soar
Hard to break the chains, now I'm bending doors

Yeah, I know what I need
But sometimes it's hard to see
I love how I feel
But sometimes it's hard to breathe

No time to heal
The world be harsh on me
Do you know what I mean?
It's like skipping another beat
