CamO

Yeah, yeah, yeah
Yeah, yeah, yeah, ah
We are all lovers

We are all lovers
We keep seeking love
But why with another
And why keep giving up
We might be eternal
He might be the one
His hands were like a warmer
But why I feel alone

I'll always be the runner
This time I don't know, yeah
How far I'll go, yeah
How far I'll go

We are all lovers (We are all lovers)
We keep seeking love (We keep seeking love)
But why with another (But why with another)
