

O naui gyeoura ajik gajima (gajima)  
Munjega tuseongiya dareun deseo mal an hajiman (mal an hajiman)

It feels like a dream  
Please don't leave me all sudden, igeon bimil  
Amudo bol su eomneun  
Geunde neoman boyeojulge deulkiji ma, jebal

I see them come and go  
And my time ain't running slow  
But I mean it this time  
Never felt this in a while  
Sesangi da ontong violet  
Don't you ever tell no one, please  
This shit choking hard like a leash  
If you ever knew, ever knew what it means to me  
(If you ever knew, ever knew what it means to me, oh)  
I know you want a taste, alji swipgeneun an dwae  
Yeah, this puff, Creme Brulee  
Then let me hear you say  
What's the word? S'il vous plait  
Jigeum dangjang iri nae  
Whether if you're ready or not  
Chances will come through, come to you  
Whether if this might be the last  
Forever trust you, trust you

It feels like a dream  
Please don't leave me all sudden, igeon bimil  
Amudo bol su eomneun  
Geunde neoman boyeojulge deulkiji ma, jebal
