Yeah, can't you see, this a whole package
Gyesokaejwo, that's how I like it
Put your both hands inside of my jacket
Touch me, baby, like this been your habit
If you want it real bad, then just grab it
Don't be hopping too fast like a rabbit
I'm the best thing that's ever happened to you
Got you feel like you own this whole planet

Don't be absent, are you on the way?
Before, didn't know what to say
Ijen algesseo can you just stay with me
My reflex is bad, so don't play with me
You bring out the worst and the best in me
Ever since I met you, I felt heavenly
And I'm still fucking with you real heavily
If love's a sin this be a felony

I wanna talk to you (still)
I wanna cuddle with you
I wanted to spend all my life with you
I wanted to spend all my money with you
I don't think I can recover
What am I supposed to do
But I ain't never goin' back
I'm still kinda doin' the math
