

Bitter Taste

Camouflage

Whatever I`ve done maybe
Late the last night
I can`t remember
How I came down
Into this light

Swallow the bitter
Taste in my mouth
Morality shivers
Unfamiliar walls around

For whatever I`ve been searching
It`s not by my side
My heart`s uneasy
To the mirror I lied

Watching the blurry
Scenes behind my eyes
This kiss and tell story
Keeps me unidentified

Beyond the curtain it`s dawning
Solitude is calling
Somebody is breathing
It`s my last night`s beauty queen...
