

# Jet Fuel Can't Melt Steel Beams

Camp Cope

"I'm not gonna climb  
A ladder for the rest of my life"  
You said that and stood back  
And you walked away before they could react  
Hearing cat calls from police cars  
And they say  
"What you gonna do about it dressed the way you are?"  
Yeah, it's a very common lie  
They say you're asking for it  
When you're walking home alone at night

They say the only thing that stops  
A bad man with a gun  
Is a good man with a gun  
The lies they scare in you  
The only thing that stops  
A bad man with a gun  
Is a good man with a gun  
The lies they use to control you

So, you turned and walked away  
Forgot everything they taught you 'til that day  
And started arguing eloquently  
As to whether jet fuel could melt steel beams  
Hearing cat calls from a construction yard  
They'll say, "Take it as a compliment, they're only being nice"  
Yeah, it's a far too common lie  
And you'll carry keys between your knuckles  
When you walk alone at night

They say the only thing that stops  
A bad man with a gun  
Is a good man with a gun  
The lies they sell to you  
The only thing that stops  
A bad man with a gun  
Is a good man with a gun  
The lies they use to control you

It's the trophy wives raising trophy wives  
Raising children on TV  
Scared of people like you and me  
Just don't ask questions, you'll sleep peacefully  
We will not go out in silence  
And we will not go quietly  
Nah, jet fuel can't melt steel beams  
I've watched enough  
Conspiracy documentaries, yeah

They say the only thing that stops  
A bad man with a gun  
Is a good man with a gun  
The lies they use to control you  
The only thing that stops  
A bad man with a gun  
Is a good man with a gun  
The lies they use to control you

Use to control you
