Make the octopussy do tha why to see for the night
Call me by first name - Cheeba, sip the tang divas
In my sinasex get the intersect, it's the kid

Get me high make me eat the hunky pie, Seaworld

We gone navigate the underground, blammin out Metropolis
Higher rock to this said the 85 I take my steez
Turnin towards Kahlua, knew I shouldn't a ran it through
And I should clean my shadow, any in that ego
We could take it to the Lugers, Cheeba make them unfold
Took my scammer s'now old, meditate on this one
Check I'm freezin wit the flame I put the blame on tough job
Generatin low life, Geechi Suede see'est la vie

Shook it off, now start to say one Bogart
Caca, Caca convince her and bulletproof heart
Its swift ice burglins on clips don't slip
They shift the diamonds we suck on my crew and lucky stips
