

What It Takes

Camp Rock

Who's got what it takes to be my guy
What it takes to make me shine
What it takes to get me fired up?

Who's got what it takes to be my beau
What it takes to make me glow
What it takes to make this beat flow?

Everyone talks about what they think they need
They're makin' up a list of things one, two, three
Everyone is different but where we can agree
Every girl wants her boy to treat her sweet

Don't think that being mean will get you anywhere
Don't think that acting cool will make me wanna care
I just need your respect if you're gonna be the one
And if you must apply then try to get the job done

Who's got what it takes to be my guy
What it takes to make me shine
What it takes to get me fired up?

Who's got what it takes to be my beau
What it takes to make me glow
What it takes to make this beat flow?

Talk can be so cheap so I just look for your actions
Be good to me if you want my attraction
Maybe I just want too much but I don't really care
I know I'm worth it and I know he's out there

Wait, wait you might be a contenda
Hey, hey, can I borrow your sweatshirt?
Normally I'm not the one to say hello first
But if I didn't I might miss out and that might hurt

Who's got what it takes to be my guy
What it takes to make me shine
What it takes to get me fired up?

Who's got what it takes to be my beau
What it takes to make me glow
What it takes to make this beat flow?

I've been contemplating what it takes
To make me give my heart, could you be the one?
Standing in the crowd I'm waiting to find out
I'm waiting, waiting, waiting, oh

Who's got what it takes to be my guy
What it takes to make me shine
What it takes to get me fired up?

Who's got what it takes to be my beau
What it takes to make me glow
What it takes to make this beat flow?

Who's got what it takes to be my guy
What it takes to make me shine
What it takes to get me fired up?

Who's got what it takes to be my beau
What it takes to make me glow
What it takes to make this beat flow?
