

Sad Lover's Waltz

Camper Van Beethoven

One step for boys and one step for girls
Step away
One step for you and one step for me
Step away
But don't take the third step
'Cause that's just the sad lover's waltz
But don't take the third step
'Cause that's just the sad lover's waltz

One step for anger and one step for pain
Step away
One step for right and one step for wrong
Step away
But don't take the third step
'Cause that's just the sad lover's waltz
Don't take the third step
'Cause that's just the sad lover's waltz

One step for boys and one step for girls
Step away
One step for you and one step for me
Step away
One more step makes three
And three step's a waltz
Don't take a third step
'Cause that's just a sad lover's waltz
