

That Gum You Like Is Back in Style

Camper Van Beethoven

That gum you like is back in style, again Haven't seen ya for a while, my friend

Spent all of saturday pining away For that strange Quebecoise girl in Cirque du Soleil

That gum you like is back in style, again Haven't seen ya for a while, my friend

I was daydreaming of better days At the Chelsea Hotel before I scared you away

That gum you like is back in style. Haven't seen ya for a while, my friend

Who could be calling waking me from my dreams Of John, Paul and Ringo with Keenan Wynn (or George)

That gum you like is back in style, again Haven't seen ya for a while, my friend
