Can't Swim

I know how it ends
From all of the scenes you told
I know how it ends
A tale of a life you stole
I know how it ends
I swear it will break you down
I know how it ends
I promise you'll surely drown

These are the days you wish you could redo
Carry the weight of all that was untrue
We are, we are forever wanting more
With our mistakes lit up for all to see
Will it awake the person we should be?
We are, we are forever wanting more

I know how it ends
So quick to just criticize
I know how it ends
Not willing to compromise
You only give poor advice
I know how it ends
How much will you sacrifice?

These are the days you wish you could redo
Carry the weight of all that was untrue
We are, we are forever wanting more
With our mistakes lit up for all to see
Will it awake the person we should be?
We are, we are forever wanting more

So let's start again and give it a chance
Suppose that we are who we ought to be
And let's not forget all of the things
That we said we would never be
That we said we would never be

(We are, we are forever wanting more)
We are, we are forever wanting more
With our mistakes lit up for all to see
Will it awake the person we should be?
We are, we are forever wanting more
