

# This Night Back

Canaan Smith

Got a handle, JD on the mantle  
Bad girls lookin' so fly  
Some all-nighters, flickin' Zippo lighters  
Everybody ridin' the sky  
It's like we're [?]  
Out here a long way from the freeway  
Well la-di da-di, you know we like to party  
And we just gettin' started tonight

We be sippin' like, we be trippin' like  
Rollin' old school joints on the stereo  
Everybody get a little drunk in here  
Ain't nobody got an empty cup in here  
Hell no (hell no)  
Let it all go  
Ladies shake the back porch for the front row  
Keep doin' what you're doin', baby just like that  
Cause we ain't never gonna get this night back

Tippin' bottles  
Shots of Reposado  
Take one, pass it around  
Girls dancin' like Janet Jackson  
While the DJ's strippin' it down

We be sippin' like, we be trippin' like  
Rollin' old school joints on the stereo  
Everybody get a little drunk in here  
Ain't nobody got an empty cup in here  
Hell no (hell no)  
Let it all go  
Ladies shake the back porch for the front row  
Keep doin' what you're doin', baby just like that  
Cause we ain't never gonna get this night back

It's like we're [?]  
Out here a long way from the freeway  
Well la-di da-di, you know we like to party  
And we're just gettin' started tonight  
All the hotties, you know they like to party  
And we're just gettin' started tonight

We be sippin' like, we be trippin' like  
Rollin' old school joints on the stereo  
Everybody get a little drunk in here  
Ain't nobody got an empty cup in here  
Hell no (hell no)  
Let it all go  
Ladies shake the back porch for the front row  
Keep doin' what you're doin', baby just like that  
Cause we ain't never gonna get this night back
