

Bloodpact

Cancer Bats

1, 2, 3, 4

Oh

I took these words
Cross my heart
Yeah, black out my eyes

Yeah, 'cause this right here
Oh, is my whole life

Yeah, I built these hands
Built the Sun
Oh, it's no surprise

Riding these bulls again
I kill my dreams and memories, oh
All this, all this
We'll bleed for this
Go!

I'll wreck this sumbitch
I'm taking charge of the class

We'll keep this past tense
I'm cuttin' class

This right here
Build nothin' from nothin'
This path's so clear for us

So weak so sad
We'll build nothin' from nothin'
This path's so clear for us

Yeah, I'll cut these words cross my heart
Oh, until I die

Yeah, 'cause this right here
Oh, is my whole life
Oh
(oh)

I'll bleed for this
I'll bleed for
I'll bleed for this
So save my words for this bloodpact
