

Hellhouse

Cancer

These Walls Bear Witness to torture and pain
Depraved Lust, Wealth And Gain
Legacy Of Greed That Death Can't Hide
Still Haunts This Place This Hellish Divide

Chorus

Hellhouse, It Knows You're here
HellHouse Hellhouse Can Sense Your Fear

Damned Forever To A living Nightmare
A Short Secret Behind A tall lie
Twisted Reality A chapel of spite

The Walls Bear Witness to dark, dark Nights

A History of Horror That death Can't Hide
Spirits alone, Alone they cry
A release and exorcism it's all the crave
Tear the grip now from beyond the grave

Chorus

Hellhouse It Knows your here
Hellhouse hellhouse
can sense you're fear

Energy negative bitter hatred scorning thoughts Still remain
Sour minds vicious Torment Evil Practice Will not Change
Disturbing Memoirs Haunt Each space lingering ghosts wont dissi
pate
Still there terror goes on and on never resting there deaths we
re wrong
