

## Bite The Hand

Cancerslug

Bite the hand that feeds  
and kill it if it bleeds  
Id rather die on my feet  
than to live on my knees  
the revolution has come  
it can not be undone  
the revolution has come  
it can not be undone  
those masses of street cattle  
waiting here to die  
I was born with teeth  
so they will feel my bite
