

Hell

Cancerslug

If you see me walk on by
Let the memory of me die
Take this broken lullaby
Hear the truth but believe the lie

Please get me out of this I don't know what to do
The only hell I've ever known was you

Spread your fictions to pass the time
Delete my picture from your mind

The strongest love is always the first to die
Broken hearted
Cursed for life

Please get me out of this I don't know what to do
The only hell I've ever known was you

As the crows circle above
No I'm not love sick
I'm sick of love
