

## In Dreams

Cancerslug

In dreams the hollow things that you say to me don't mean a thing  
But I can't believe that you are here with me, in my dreams  
I'd love to hold you tight  
Cut the darkness from the night  
Everything's alright here in my dreams  
I can feel the fear inside of you  
I'm amazed by your strength and pride  
And you will be forever by my side  
There will be no more pain so dry your lovely eyes
