

## Sorceress

Cancerslug

Dark priestess comes to me in spite  
sucking unholy delight  
she spits my dicksnot out, onto the wall  
with a, "fuck it all!"  
and she makes my body ache  
I can feel the mental break  
how will I last a single minute more with this pagan whore  
all I know is she is mine  
and I am hers and thats just fine  
to fuck so fierce we lose our minds  
two beast in heat until we die  
and I would kill the world for you  
if you only ask me to  
my sorceress, what would you have me do
