

Confidence

Candi Staton

Ooh, yea

I walk like it
I talk like it
I act like it
I move like it
I fight like it
I got confidence

I walk like it
I talk like it
I act like it
I move like it
I fight like it
I got confidence

I won't let you drag me down
I got things to do
Don't have time to hang around
If you don't set a goal
Trust me your story will never be told

Cause I live like it
I love like it
I groove like it
I move like it
I fight like it
I got confidence

I stand like it
I plan like it
I'm strong like it
I move like it
I push like it
I got confidence

You got to have it if you want to succeed
It gives you courage and the strength you need
If you're not headed my way
Then you will cause me to miss my place

Cause I walk like it
I talk like it
I move like it
I act like it
I'm woman!
I got confidence

I'm unstoppable!
Ooh yea...ooh...hey, hey
Yes I am, yea...ah...
I got confidence...oh, oh yea...my, my, my
You need confidence

Confidence in my walk
Confidence in my talk
Confidence in my name

Confidence in my game
Confidence in my smile... all you need
I'm strong like it!...ooh, yes I am...hey
I got confidence...I'm woman!
I, I, I, I, I, I, I...I've got confidence

Ooh...
I walk like it
I talk like it
I act like it
I'm destined! Yea...I got confidence

I stand like it
I plan like it
I'm strong like it
I move like it
I push like it (in my stance)
I got confidence (I'm bold)

Confidence, yeah (I'm strong like it, I'm woman, I'm unstoppable!)
Confidence... yeah
Ooh I got confidence
Ooh, I live like it!...yea
I dress like it
I even walk like it
Hey, I move like it

Confidence (you gotta have it yea)
You gotta have it...come on
I'm unlovable, you can't stop me
You can't push me...back
