

# In God's Hands We rest Untroubled

Candi Staton

In God's hands we rest untroubled  
Every woman, child and man  
All who labor, toil and struggle  
Will find peace in God's hands

There's a world of hurt around us  
Where are longing in our souls  
Pain and sorrow will surround us  
'Til we learn we're His to hold

In God's hands we rest untroubled  
Every woman, child and man  
All who labor, toils and struggles  
Will find peace in God's hands

There's a place of perfect stillness  
Where to lay our burdens down  
Hear the song of sweet forgiveness  
That calls us home to holy ground

In God's hands we rest untroubled  
Every woman, child and man  
All who labors, toils and struggles  
Will find peace in God's hands

Come all who labor, toils and struggles  
All will find peace in God, in God, in God's hands

You'll find peace in God's hands

All will find peace in God's hands

In God's hands
