

# It Ain't Over

Candi Staton

I remember the time when I felt like I couldn't make it  
I remember the time when I felt like I just couldn't take no more

I remember the time when I couldn't find no peace  
I remember the time when I though all my hope was gone  
But I kept the faith  
I got stronger and stronger and stronger

It ain't over  
It ain't over  
It ain't over  
It ain't over

You can't hold me down  
You can't turn me around  
You can't destroy my focus  
You can't turn me... around

I've been through the storm  
I've survived the pouring the rain  
Now I'm standing tall  
Cause I survived the shame

Hey, it ain't over  
It ain't over  
It ain't over  
It ain't over

You can't hold me down  
You can't turn me around  
You can't destroy my focus  
You can't turn me... around

It ain't over...
