

# It's Gonna Rain

Candi Staton

This is a song my mother used to sing every evening after prayer when she took us on the front porch

I want to dedicate this one to Mama  
We learned all of this from my mother  
Every day we had to sing this song  
She didn't let us rest until we sung this song

It's gonna rain, it's gonna rain  
You better get ready and bear this in mind  
God showed Noah about the rainbow sign  
Said it won't be water but the fire next time!

It's gonna rain, it's gonna rain  
You better get ready and bear this in mind  
God showed Noah about the rainbow sign  
Said it won't be water but the fire next time!

Way back in the Bible days  
God told the people it's gonna rain  
But when he told them, they paid him no mind  
But when it happened, they were left behind

I'll tell you

It's gonna rain. Get ready. It's gonna rain  
You better get ready and bear this in mind  
God showed Noah about the rainbow sign  
Said it won't be water but the fire next time!

They tell me when the rain began to pour  
They knocked on the windows  
They knocked on the doors  
They said didn't know exactly what to do  
Now, you don't want this to happen to you

It's gonna rain, it's gonna rain  
You better get ready and bear this in mind  
God showed Noah about the rainbow sign  
It won't be water but the fire next time!

It's gonna rain, my children, it's gonna rain  
You better get ready and bear this in mind  
God showed Noah about the rainbow sign  
It won't be water but fire next time!

Noah said I'm sorry I'm sorry my friend  
God's got the key and you can't get in  
If something don't happen to the heart of man  
The same thing will happen again

I tell ya

It's gonna rain. Get ready. It's gonna rain  
You better get ready and bear this in mind  
God showed Noah about the rainbow sign  
It won't be water but fire next time!

One more time

It's gonna rain. I tell you. It's gonna rain  
You better get ready and bear this in mind  
God showed Noah about the rainbow sign  
It won't be water but the fire next time!
