

Love Breakthrough

Candi Staton

We're having a breakthrough, and it's called love
Breakthrough
We're having a breakthrough, and it's called love
It's a love breakthrough
Ahhh, we're having a breakthrough, and it's called love
Breakthrough, breakthrough, breakthrough
We're having a breakthrough, and it's called love
It's a love breakthrough

Oh the worst is behind us, the best is yet to come
It's been rough, it's been tough, it's been bad, it's been sad
Love breaking though from above
Hey, I'm so excited I can hardly be
I feel the light shining down on me
Stronger than I ever thought could be
We're on our way to victory

We're having a breakthrough, and it's called love
Breakthrough
We're having a breakthrough, and it's called love
It's a love breakthrough
Ahhh, we're having a breakthrough, and it's called love
Breakthrough, breakthrough, breakthrough
We're having a breakthrough, and it's called love
It's a love breakthrough

There is peace like a river flowing through my soul
There is a birthing of blessings about to take control
Oh, He's opened doors I thought I'd never see
Turn my sorrow into joy for me

We're having a breakthrough, and it's called love
Breakthrough
We're having a breakthrough, and it's called love
It's a love breakthrough
Ahhh, we're having a breakthrough, and it's called love
Breakthrough, breakthrough, breakthrough
We're having a breakthrough, and it's called love
It's a love breakthrough

So excited I can hardly be
The light of love is shining down on me
I've come through a tunnel of darkness
Now I can finally see, hay

We're having a breakthrough, and it's called love
Breakthrough
We're having a breakthrough, and it's called love
It's a love breakthrough
Ahhh, we're having a breakthrough
Breakthrough, breakthrough, breakthrough
Breakthrough, yes it is
It's a breakthrough
It's a love breakthrough
It's time for
Breakthrough, breakthrough, breakthrough
We've been through it

It's time for breakthrough
Breakthrough, breakthrough, breakthrough
