

# Reach Down And Touch Heaven For Me

Candi Staton

As you walk this road of life  
With all its troubles and strife  
No one seems to care if you live or die

But there is somewhere in the dark  
You can light a little spark  
So, reach down, touch heaven for me

If you can only smile at someone along the way  
It will brighten the darkest of the day  
'Cause there's a stranger on the ground  
Looking up as you reach down  
So, reach down and touch heaven for me

Reach down and touch heaven for me  
Oh Lord  
Oh there is someone in the dark trying to see  
You are the light that leads the way  
To a bright and perfect day  
So, reach down and touch heaven for me

Oh Lord, will You reach down and touch heaven for me  
Oh Lord, oh there is someone in the dark just trying to see  
Oh, You are the light that leads the way  
To a bright and perfect day  
So, reach down and touch heaven for me

Oh Lord

Oh, reach down and touch heaven just for me
