

Shine A Light

Candi Staton

Saw you stretched out in room ten o'nine
With a smile on your face and a tear right in your eye
Oh couldn't see to get a line on you
My sweet honey love

Berber jewelry jangling down the street
Making bloodshot eyes at every woman that you meet
Could not seem to get a high on you
My-my sweet honey love

May the good Lord shine a light on you
Make every song your favorite tune
May the good Lord shine a light on you
Warm like the evening sun

When you're drunk in the alley, and your clothes all torn
And your late night friends leave you in the cold gray dawn
Whoa, just seemed too many flies on you
I just can't
I just can't brush 'em off

Angels beating all their wings in time
With smiles on their faces and a gleam right in their eyes
Whoa, thought I heard one sigh just for you
Come on up, come on up, come on up

May the good Lord shine a light on you
Make every song you sing your favorite tune
May the good Lord shine a light on you
Warm like the evening sun

Yeah

Angels beating all their wings in time
With smiles on their faces and a gleam right in their eyes
Whoa, I thought I heard one sigh just for you
Come on up, come on up, come on up

May the good Lord shine a light on you
Make every song your favorite tune
May the good Lord shine a light on you
Warm just like the evening sun

My, my, my, my

May the good Lord shine a light on you
Make every song your favorite tune
My Lord
May the good Lord shine a light on you
Warm just like the evening sun

My, my, my, my
