

Summer Time with You

Candi Staton

Oh, feels so good
Mm, so nice to be with you
(Summer, summer, summer, summer)

Mm, summer time with you
Doing what you want to do
Take a trip in the park, even when it's dark
Oh, baby, we can go to the zoo, only me and you
Something else to do, summer time with you

Sunshine makes me happy (makes me happy)
Oh, I'm so happy, can't you see? (Can't you see?)
The glow in me (the glow in me)
Oh, when the sun is very bright
It's always nice at night
In the summer time, summer time

Summer time with you
We are going to find something to do
Walking on the beach, water on your feet
Watching a sailboat, sailing up the coast
What a beautiful way in summer time again

It's summer time in June (summer time)
The best time of the year
For me, baby, can't you see? (Baby can't you see?)
Mm-mm, it feels so good inside
Everything is going to be fine
In the summer time, summer time

Summer time with you, baby
Summer time with you
Summer time with you, baby
Summer time with you
Summer time with you, baby
Summer time with you
Summer time with you, baby
Summer time with you

(Summer, summer, summer, summer)
(Summer, summer)

Summer time with you
Doing what you wanna do
Take a trip in the park, even when it's dark
Oh, baby, we can go to the zoo only me and you
Something else to do, summer time with you

Sunshine makes me happy (makes me happy)
Oh, I am so happy, can't you see? (Can't you see?)
The glow in me (the glow in me)
Oh, when the sun is very bright
It's always nice at night in the summer time

Summer time with you, baby
Summer time with you
Summer time with you, baby

Summer time with you
Summer time with you, baby
Summer time with you
Summer time with you, baby
Summer time with you (you make me feel so good)

Ooh, babe
Ooh, baby (summer)
Summer time (summer)
(Summer) ooh
It feels so good inside (summer)
Oh, in the summer time (summer)
Ooh, baby (summer)

In the summer time (summer)
Summer time (summer)
Oh (summer)
