

What a Feeling

Candi Staton

What a feeling
What a feeling
Deep in my soul
What a feeling
What a feeling
Deep in my soul
What a feeling
Oh, what a feeling
Deep in my soul
What a feeling
Oh, what a feeling
Deep in my soul

You see, every now and then
I like the to reminisce
And every time, I start thinking back
I usually to recall the first young man that I knew
And I went after, mmmh
I still remember those loving Saturday afternoons
When he would call
And say hey
I'll be by in a minute
By the time I judged the distance
He'd be there
Mmmh, you know we'd sit around
And we talk and...
We would laugh
And about night time
Believe me
Late in the evening
Then we hit the street
We'd get over thee
Alabama juke joint, ahh...
You know the local band be getting down
We would dance, and dance and dance
'Til we would wringing wet with sweat
Then he'd grab me, he'd hold me
Then he'd whispers some like
Ok, I love you, hmm
Then we get lost in each other, ahh...
Then we'd part, ahh...
A part of making love
Country boy style

What thrill
Oh, what thrill
All in my bones
What feeling
What a feeling, oh baby
All in my bones, hmmh
Oh, what a feeling
What a thrill, baby, yeah
All in my bones
Oh, what a thrill
Oh, what a thrill, hmmh
All in my bones
Oh, what a thrill, ahh

Oh, what a thrill
All in my bones
Oh, what feeling, hmmh
What a good feeling...
