

When Will I?

Candi Staton

When will I ever learn
All my worry is a waste of time
When will I ever learn
Letting go brings peace of mind
When will I ever see
Things have a way of working out
When will I ever be free
Free from fear, free from doubt

Oh lord, I pray to you
Gimme the faith to make it through

I see a lonely sparrow fly
And I wonder when will I

When will I ever know a
Peaceful feeling in my soul
When will I understand
God loves me the way I am

Oh lord, I pray to you
Give me the faith to make it through

I see a lonely sparrow fly
And I wonder when will I
When will I
