

Where Do We Go From Here?

Candi Staton

Where do we go from here? Where do we go from here?
Where do we go from here? Where do we go from here?
Where do we go from here? Where do we go from here?
Where do we go from here? Where do we go from here?

I'd like to know
Why are we running in circles
Round and round we go
Where we stop nobody knows
How do we survive in a world of alternative facts
No one knows the truth
No one looks for proof, my my my my

Where do we go from here? Where do we go from here?
Where do we go from here? Where do we go from here?
Where do we go from here? Where do we go from here?
Where do we go from here? Where do we go from here?

If the truth could be told
Some of our leaders have sold their souls
Yea, for positions that they can not control
We believe what we've been told
In a world that's lost control
Oh Lord, round and round we go
Where we gone stop nobody knows
No, no, no, no... I want to know today

Where do we go from here? Where do we go from here?
Where do we go from here? Where do we go from here?
Where do we go from here? Where do we go from here?
Where do we go from here? Where do we go from here?

When will we wake up, and realize
We're on a slippery slope just trying to survive
How far are we going to slide before we realize
Aah, this thing is not a joke
I still believe and I have hope

Where do we go from here? Where do we go from here?
Where do we go from here? Where do we go from here?
Where do we go from here? Where do we go from here?
Where do we go from here? Where do we go from here?
...

Look at the world around us
As our brothers and friends
Oh Lord, we need more love
The world needs more compassion
Where is the peace?
Where is the honesty?
What happened to integrity?
What happened to the truth?
That sets you free
Aah, what happened to our good character?
Aah Lord, so where do we go from here?
I'd like to know, I'd like to know
I want to know
