Candlebox

I wanna kiss you in the morning
I wanna take you by the candle light
Oh, your lips are habit-forming
Make it feel like another first time

Can I make you say, ooh
Never knew that it could taste so sweet
And now I'm feeling like, ooh
I want you, honey, all over me

So d-d-don't stop, mama, 'cause I just might die
Let's just lay right here, set the bed on fire
And we'll go, ah-ah, as we wrestle desire
I'm loving what you're bringing my way, oh

Come and take the breath right out of me
'Cause I'm addicted to the feeling
Show me what I want and what I need
You keep me praying to the ceiling
Shake, shake, shake till we're outta control
Just do it how you want, do it how you want to me
Come and take the breath right out of me
Yeah, yeah, yeah, yeah, yeah

Baby, don't you keep me waiting
Don't you dare 'cause we've been here before
I've heard 'em sing about patience
Knuckles white, I'm begging, more, more, more

Come and take the breath right out of me
'Cause I'm addicted to the feeling
Show me what I want and what I need
You keep me praying to the ceiling
Shake, shake, shake till we're outta control
And just do it how you want, do it how you want to me
Come and take the breath right out of me
Yeah, yeah, yeah, yeah

So k-k-kiss me, darling, like it's not a dream
And if the sun comes up, we'll just hit repeat
And let me, ah-ah, anything you need
I'm wanting just to hear you say, oh

Come and take the breath right out of me
'Cause I'm addicted to the feeling
Show me what I want and what I need
You keep me praying to the ceiling
Shake, shake, shake till we're outta control
Just do it how you want, do it how you want to me
Come and take the breath right out of me
Yeah, yeah, yeah, yeah, yeah

Come and take the breath right out of me
'Cause I'm addicted to the feeling
Show me what I want and what I need
You keep me praying to the ceiling
Shake, shake, shake till we're outta control

And just do it how you want, do it how you want to me
Shake, shake, shake till we're outta control
Shake, shake, shake till we're outta control
