

Keep on Waiting

Candlebox

She says this is the last time you get high
What you're doin' really brings me down
It's so that you can feel alive
Would you really wanna break me down now
She says this is the last time you can lie
You gotta make-believe it baby
You got that somethin' in your eye
You gotta make it up to make it out
Is this the love you waited for
Who left you broken on the floor
This is the last time you can lie

You gotta keep on waiting
You keep on waiting
You keep on waiting
You keep on waiting to survive
You keep on waiting
You keep on waiting
You keep on waiting to survive

She says this is the last time you get high
You're trying to make me die baby
You see yourself in all desires
You're gonna miss me when I'm long gone
I hope you see yourself through time
You've gone away and those despise
This is the last time you get high

You gotta keep on waiting, yeah
You keep on waiting
You keep on waiting
You keep on waiting to survive
You keep on waiting
You keep on waiting
You keep on waiting to survive

It's such a long way out there baby
If you try to help yourself along
It's such a long way out there baby
If you try to help yourself along
It's such a long way out there baby
If you try to help yourself now
It's such a long way out there baby
If you try to help yourself along

Oh yeah
Keep on, keep on, keep on, keep on, keep on, keep on
KEEP ON!

You keep on waiting
You keep on waiting
You keep on waiting to survive
You keep on waiting
You keep on waiting
You keep on waiting to survive

Keep on, keep on, keep on, keep on

You keep on waiting to survive

Keep on, keep on, keep on, keep on, keep on, keep on to survive

Keep on, keep on, keep on, keep on, keep on waiting to survive
