Out Here All Night

Candlebox

Summer's coming too fast, Winter's been here too long If we keep wasting our days, Pretty soon they'll be gone

Oh yeah, yeah, yeah

I've been out here all night,
I've been out here all day
With my eyes open wide
Hoping that you will say
Everything is all right
We can be happy too
If you look out for me
The way I looked out for you

People take what they need Then they tell you "get lost" Kindly leading you on While they're ripping you off

Oh yeah, yeah, yeah

I've been out here all night
I've been out here all day
With my eyes open wide
Hoping that you will say
Everything is all right
We can be happy too
If you look out for me
The way I looked out for you

If I sounded insecure
It's because I wasn't sure
You were really there

I've been out here all night
I've been out here all day
With my eyes open wide
Hoping that you will say
Everything is all right
We can be happy too
If you look out for me
The way I looked out for you

You can stand there all night You can stand there all day You can do what you like It doesn't matter to me

Oh yeah, yeah, yeah
