

Sunshine

Candlebox

Oh sunshine, lovely sunshine
Tangled hair, no shoes
You're the center of it all, my love
Carefree and amused
So tender in your messaging
I know, I know it's you
Your intentions tried, marred by lies
Angry and abused
Oh
Memories looking back
Oh
Memories fading fast
Turn the page and walk away
There's nothing here for you, no
Turn the page and walk away
Go on, go on, it's true

Oh midnight, loving midnight
Your sparkle eyes dark blue
How'd we get so cumbersome?
How'd we get so scarred and bruised
So tender in your questioning
You hold, you hold the truth
Your intentions tried, marred by lies
Broken and seduced
Oh
Memories looking back
Oh
Memories fading fast
Turn the page and walk away
There's nothing here for you, no
Turn the page and walk away
Go on, go on, it's true
Turn the page and walk away
There's nothing here for you
Turn the page and walk away
Go on, go on, it's true

Oh
Memories looking back
Oh
Memories fade, and memories fade, and memories fade, and memories fade

Turn the page and walk away
There's nothing here for you, no
Turn the page and walk away
Go on, go on, it's true, yeah
Turn the page and walk away
There's nothing here for you, no
Turn the page and walk away
Go on, go on, it's true, yeah
Oh midnight, loving midnight
Your sparkle eyes dark blue
How'd we get so cumbersome?
How'd we get so scarred and bruised?

Oh
Oh

Oh
Oh
