

Ugly

Candlebox

I'm the imposter, the fake, the phony, jk
Living in a world of deceit, pretend and lies, I'll say
These implications I might be someone I'm not
I'm a fraud, a fake, a phony, all tied up in knots
Picture perfect playing a plastic game
In a broken world for plastic fame

Ugly people saying ugly things
To pretty people doing the same thing
It's pretty easy to go insane
When you see ugly in everything

I signed up, I subscribed, I voted
I stood in line just to be demoted I
I paid the tax, and I waved the flag
Now I'm just trash in body bags
Picture perfect playing a plastic game
In a broken world for plastic fame

Ugly people saying ugly things
To pretty people doing the same thing
It's pretty easy to go insane
When you see ugly in everything

Ugly people say ugly things
Pretty people say ugly things
Ugly people do ugly things
Pretty people do the same thing

Picture perfect playing a plastic game
In a broken world for plastic fame

Ugly people saying ugly things
To pretty people doing the same thing
It's pretty easy to go insane
When you see ugly in everything

Ugly people say ugly things
Pretty people say ugly things
Ugly people do ugly things
Pretty people do the same thing
