

What do I have to do to be like you?
Idols in the sky
I feel so close to breaking though
All I have to do is die

I've been chasing the dragon with all my time
Tripping on constellations to find my sight
In the moment of comedown I realize

All my heroes are dead now
Barely seven feet down, down
All my heroes are dead now
Barely seven feet down, down

I've been screaming for years to spit this out
With my mouth off the bottle I relapse in doubt
Coming down from the comedown is when I realize

All my heroes are dead now
Barely seven feet down, down
All my heroes are dead now
Barely seven feet down, down

I'll meet you in the grave
I'll meet you in the grave

All my heroes are dead now
Barely seven feet down, down
All my heroes are dead now
Barely seven feet down, down

All my heroes are dead now
Barely seven feet down, down
All my heroes are dead now
Barely seven feet down, down

If I were to die right now
Would I join them in the ground?
