

## Cream Pie

Cane Hill

It's only dirty if you make it  
It's only dirty if you make it  
It's only dirty if you make it

It's only dirty if you make it  
It's only dirty if you make it  
It's only dirty if you make it  
It's only dirty if you make it

If you know my name you know by now  
That I'm two hits in and three bumps down

Try to censor me  
I'll say what I wanna  
Smile and walk away  
You always fucking try to censor me  
I'll say what I wanna  
Smile and walk away  
Get in line with the others

It's only dirty if you make it  
It's only dirty if you make it  
It's only dirty if you make it  
It's only dirty if you make it

It's only dirty if you make it  
It's only dirty if you make it

Try to censor me  
I'll say what I wanna  
Smile and walk away  
You always fucking try to censor me  
I'll say what I wanna  
Smile and walk away  
Get in line with the others

It's only dirty if you make it  
It's only dirty if you make it  
It's only dirty if you make it  
It's only dirty if you make it
