

## Scumbag

Cane Hill

I am your judge  
Sitting on my throne  
Jumping down your throat  
Picking off your bones  
I am your judge  
Casting you aside  
Burn your sheets of white  
I'd rather die before I watch you

Rise, rise  
Cancer of humanity  
Rise, rise

I am your jury  
With my head held high  
Over your so called strife  
Treading on your life  
I am your jury  
You will not find grace  
In your final hate  
I won't die before I watch you

Burn  
I will watch you burn

I'd rather die before I watch you

Rise, rise  
Cancer of humanity  
Rise, rise  
You will never fucking rise  
Rise, rise  
Man infested destiny  
Rise, rise  
You will never fucking rise

Nazi fucking scum
