

# I Need Someone

Canned Heat

My baby's gone and left me  
I know I'm not to blame  
I used to be so happy  
But now I'm goin' insane

Well, I need someone  
To make me feel good  
Need someone  
To make me feel good  
Need someone come take me off the shelf  
Well, I don't know what I'm doin' myself

I'm not gonna change my ways  
I know I'm not all to blame  
I used to be so happy  
But she wants to change her name

Well, I need someone  
To make me feel good  
Need someone  
To make me feel good  
Need someone come take me off the shelf  
Well, I don't know what I'm doin' myself  
Well, I don't know what I'm doin' myself

I'm goin' stone crazy  
Don't know what to do  
Lord, I was a happy man  
But now I got the blues

Lord, I need someone  
To make me feel good  
Need someone  
To make me feel good  
Need someone come take me off the shelf  
Well, I don't know what I'm doin' myself

I'll let you know I need somebody

Mm, need somebody

Next time I'm home sometime

Mm, need somebody

So come back home

Come on there, Shane

You know, I don't want nobody else

Aw, blow 'em away, Henry

I feel good

Whoa!

Whoa-oh-oh-oh-oh
