

My Time Ain't Long

Canned Heat

My time ain't long lyrics (Alan Wilson)

Don't the moon look pretty

Shining down through the trees ?

Don't the moon look pretty

Shining down through the , shining down through the trees?

I can hear the waves

Lapping up on the shore

I can hear the waves

Lapping up on the , lapping up on the shore

Well I know

Know my time ain't long

If a girl deserts me

I wonder what will I do?

If a girl deserts me

Wonder what will I , wonder what will I do?

Well I 'll like to stay here

For a great long time

Well I 'll like to stay here

For a great long, for a great long time

Well I know

Know my time ain't long
