

## Bound and Burned

### Cannibal Corpse

Born into a life of contempt and disorder  
Living in squalor  
Childhood and adolescence filled with abuse  
Verbal, mental and physical

A lifetime of pain  
Forced into darkness and feelings of shame  
This will never happen again  
Unforeseen vengeance will end this today  
Violent intentions have surfaced  
Now it's too late to reverse it  
Knocked unconscious to the ground  
Beat down, never to rise again

Arms and legs are tied up tight  
Trapped, no chance of escape

Now regaining consciousness  
Drenched with the stench of gasoline

The one who caused the suffering  
Now begging for forgiveness in vain

Lighting the fire erasing the past  
Death will be slow and painful  
Burning in flames

Violent intentions have surfaced  
Now it's too late to reverse it  
Born into a life of contempt and disorder

A lifetime of pain

Bound and burned  
Lighting the fire erasing the past
